a value to that property in the layer panel and not when you change the value of the property, you could assign values to the properties in the layer panel, but that is the only reason i can think of. try looking in the komplete 8.0 folder, it might be in another folder there, or there might be no tutorial on it. also, try asking in the komplete forum, maybe someone else has a clue. A: I have the same issue as well, and have since installed Komplete 11.0.3 which seems to work fine. Q: c# BIND BIND_E_PRIVILEGE invalid code I need to create a new mdb database from a.mdw file. I need to use a function I have implemented into my C# application. The application is able to read the mdb-files and create a new mdb-file, with the correct structure. But I cannot create a new mdb-file. This is what I have done so far: In a console application I try to execute the following C# code: using System; using System.Collections.Generic; using System.Linq; using System.Text; using System.IO; using System.Security.Permissions; namespace Utilities { public static class Program { [STAThread] static void Main(string[] args) { SqlConnection dbConn = null; string path = @"D:_Projects\Administration\Database\Users.mdw"; try { // Declare a SqlConnection dbConn = new SqlConnection("Data Source = (LocalDB)\w11.0; AttachDbFilename = D:_Projects\Administration\Database\Users.mdf; Integrated Security = True; Connect Timeout
