You can also visit the download section below and get it for free.Q: How to change something to do with the Google Play store rules I am developing a music app in Android and when I upload it in the Google Play store it always tells me that there is no such kind of app (an app which allows users to create compositions from music purchased at the Google play store). I just want to know how to change something so that my app will pass the review process. A: First of all, by publishing your app to the Android Market, you are not submitting your app to the Google Play Store.
