I have tried loads of ways and have not managed to find it. My dvd is broke so I cannot use the drive to do it? Any help much appreciated. . A: Hey guys below are the instructions to download the keygen for ESI-Tronic. Place your KTS 650 DVD drive into your computer. Launch DVD Ripper. Click on PREFERENCES, and then press F11. Launch DVD Ripper and go to Drive settings. Make sure to select DVD-ROM drive. Open DVD Ripper and go to Options. Make sure DVD-ROM drive is selected and then click ADD NEW DRIVE. Video inside your computer will open and search for any ISO file. Once you find the ISO file, right click on it and click on OPEN. Now click on OPEN DRIVE. Now right click on DVD-ROM drive and click on OPEN. Video inside your computer will open and search for any file inside the ISO file. Once you find the file, press ON in order to open the file. Now Press F11. Press F12, press F13 as needed. In the next step, make sure that ISO option inside the DVD Ripper is NOT
