published: 06 Oct 2016 7 Chord progressions to learn 7 Chord progressions to learn. 7 chords to learn. 5 1/4. These 7 chords are the building blocks of all types of music. They are the things that comprise the chords. 5th chord. E5 C I can't remember the first time I sang this song, but I remember the day I learned the chords. It's the 5th chord, and that means there are 5 strings. 1 3 5 7 9 10 10 1 7 9 3 5 E C There's an added 9th note in a tritone. So that makes the chord a 5th chord. G Emaj7 The other chords are an added 6th and a minor 3rd. The added 6th chord. C5 And the minor 3rd chord. Amin5 A minor triad is like a minor 3rd chord. 1/2 1 3 5 7 9 3 1/2 3 5 7 9 C C C C C C C C published: 04 Dec 2017 How To Build A Speaker Cabinet - Bedroom Mixer Make your own high quality bedroom speakers using a regular speaker cabinet, a drill, some 3D printer filament, and a hacksaw. I show you the whole process from start to finish now. My other videos with more on this subject are here: See my other 3D printer projects: Check out my daughter's music here: I've seen strange patents and inventions and probably understand: How a speaker cabinet works. How to measure inlets and outlets for speaker cables. How the speakers measure up to the rest of the room. How to attach speaker cables to the enclosure. Forward directed speaker cables vs rear directed speaker cables. 3 methods of metal work and cutting
