

Or a retail version on a strange cartridge? Well, this is a prototype/beta version of the retail version of Samurai Shodown 64. I already decided that I would not play it, but GOG gave the go-ahead. I think 4+ UPD. In honor of Victory Day, by the way, on the occasion of tomorrow, "The Last of Us" is released. By the way, for those who are in the tank, an updated version of "GTA V" is coming out tomorrow. And more news: I am available, sorry btw
